Re: Request to inspect records pursuant to the California Public Records Act, Cal. Gov't Code §§ 6250 *et. seq.*

Dear Sir/Madam:

Pursuant to California Public Records Act, Cal Gov't Code §§ 6250 *et. seq.*, the undersigned taxpayer citizen hereby requests to inspect and receive copies of the below-enumerated public records.

The undersigned requests that no documents material to this request be destroyed or deleted, but that they are instead preserved until inspection as requested herein has been completed and all disputes regarding the availability and production of documents have been finally resolved.

Cal Gov't Code §§ 6253(c) provides, "Each agency, upon a request for a copy of records, shall, within 10 days from the receipt of the request, determine whether the request, in whole or in part, seeks copies of disclosable public records in the possession of the agency and shall promptly notify the person making the request of the determination and the reasons therefore." The burden of demonstrating that any record is exempt from disclosure is upon the Humboldt County Sheriff's Department. *Braun v. City of Taft* (1984) Cal.App.3d 322, 201 Cal.Rptr. 654.

The undersigned insists upon a response from the Humboldt County Sheriff's Department meeting the requirements of § 6256 within the statutorily prescribed time limit. Should you not timely respond, I shall deem my request denied and proceed with appropriate legal action to compel disclosure. Should such action become necessary, I shall seek costs and attorney's fees against the Humboldt County Sheriff's Department. All responses and any other written correspondence pertaining to this request should be addressed to Kevin McGrath at the abovementioned address.

Should you contend that portions of any of the below-described documents are exempt from disclosure, I request that you expurgate only such portions as you establish are exempt and produce forthwith for inspection the remainder of the requested documents. See Cal. Gov't Code § 6253(a)

(“Any reasonably segregable portion of a record shall be available for inspection by any person requesting the record after deletions of the portions that are exempted by law.”)

I request that in releasing documents responsive to this request you indicate to which particular request the documents pertain. To the extent you claim an objection to or privilege against releasing any requested document, specify the particular request to which the objection or privilege pertains.

I seek a waiver of fees in this matter. The requested information will not be used in any manner for profit, but solely to evaluate official policies affecting the public’s health, safety, civil, and human rights. However, I ask that this application for a fee waiver not delay processing this request. In the event that the application for a fee waiver is denied, please explain the basis therefore, and I shall either pursue an appeal or pay all reasonable search and copying fees.

In addition to providing the above-requested and statutorily required response, and release and copy of documents, please call (707) 923-1984 to arrange with Kevin McGrath a date and time at which below-described documents can be inspected.

In the event that you are not in possession of any of the documents material to this request, please disclose the name and contact information of persons, organizations, and/or agencies that are or may be in possession of such documents.
